Education

New Jersey Institute of Technology   Newark, NJ
Information Technology. GPA 3.56.   Expected Graduation May 2024

Experience

Tuckahoe Inn   Beesleys Point, NJ
Busser   May 2021-June 2022
Assisted waiters in the preparation and delivery of food in a timely manner, along with restocking supplies during our shifts and ensuring quality customer service and cleanliness of the restaurant.

The Island Grill   Ocean City, NJ
Busser   June 2019-August 2019
Assisted waiters in the preparation and delivery of food in a timely manner, along with restocking supplies during our shifts and ensuring quality customer service and cleanliness of the restaurant. Left this position due to the start of my senior year of high school.

Interests & Skills

Technical: Docker, Python, Flask, HTML, CSS, PHP, SQL, Java
Interests: Fitness, Music Production

Projects

National Park Website
My first website was built with HTML, utilizing Bootstrap and CSS
https://web.njit.edu/~jll38/assignment1/index.html

Chat App Website
Final project for my Internet Applications course, utilizing MySQL and PHP in order to create a live chat web app.
https://web.njit.edu/~jll38/assignment5/register.php

Article Website

This is my second project created for my Building Web Applications course. I explain the technologies utilized in the creation of this application, along with information such as Object Oriented Design Principles and SOLID Principles. Pytest and Heroku Deployment were also utilized.

Transaction Table Website

This was my final project for Building Web Applications. This Flask application made use of forms and SQLAlchemy in order to upload and display a CSV table of transactions.
